

PENGBO LI

Target Roles: Consulting / Business Analysis / Corporate Strategy

Xuchang, Henan, China | +86 15993610856 | lipengbokyrrie@gmail.com

PROFILE

- Hybrid background: Master of Business + BA Economics + hands-on semiconductor procurement experience, combining business analysis capability with frontline manufacturing insight
- Bilingual in Mandarin and English with academic and professional experience across China, Canada, and Australia; skilled in market research, data analysis, solution design, and cross-functional collaboration with quantified results
- Skilled at programming and automation with AI agents to boost research and analysis efficiency

EDUCATION

The University of Queensland (UQ), Brisbane, Australia

Jul 2024 – Jun 2026

Master of Business, Double Major: International Business; Innovation & Entrepreneurship

CGPA: 5.65 / 7.0

- Relevant coursework: Operating International Business, Lean Start-up, International Business Supply Chain, Globalization & World Economy, Idea Management, International HRM

Western University, London, Canada

Sep 2018 – Apr 2023

Bachelor of Arts, Economics

- Relevant coursework: Econometrics, Business Analytics, Statistics, Investment & Financial Markets, Accounting, International Finance, Intermediate Micro/Macroeconomics

PROFESSIONAL EXPERIENCE

Anhui Changfei Advanced Semiconductor Co., Ltd., Wuhu, China

Oct 2023 – Jun 2024

Purchasing Engineer (Full-time)

- Managed end-to-end procurement of spare parts, tooling, consumables, and outsourced manufacturing support for a semiconductor packaging facility, ensuring operational continuity in a technically complex environment
- Partnered with packaging-plant engineers on spare-parts cost-reduction initiatives, translating technical specifications into commercial purchasing decisions
- Assessed supplier quality and risk while developing supplier relationships, strengthening supply-chain resilience for critical maintenance items
- Coordinated cross-functionally between internal technical teams and external suppliers to resolve procurement issues and maintain production schedules

Hercules Investment Group, Toronto, Canada

May 2022 – Aug 2022

Financial Advisor Assistant (Internship)

- Drafted mortgage planning proposals for 8 client projects, translating financial data and regulatory requirements into practical, client-ready recommendations
- Conducted housing-market research and financial analysis across market trends, lending conditions, and client risk tolerance to support advisory decisions
- Built data-visualized presentations enabling portfolio managers to explain HELOC and debt-financing options to clients with varying levels of financial literacy

Zhongzhen Security Technology Co., Ltd., Xuchang, China

Apr 2021 – Sep 2021

Business Development Intern

- Contributed to CNY 1,000,000+ in sales by developing tailored security-camera solution proposals, expanding coverage for city highway infrastructure
- Coordinated 10+ projects end-to-end, tracking schedules, work plans, responsibilities, timeframes, and implementation milestones
- Acted as the communication link between clients and implementation teams, clarifying requirements upfront and reducing potential delivery issues

CONSULTING-RELATED ACADEMIC PROJECTS

Strategic Business Analysis Projects, UQ Business School

2024 – 2026

- Applied structured strategy frameworks (PESTEL, Porter's Five Forces, VRIO, stakeholder analysis) to diagnose competitive positioning across retail, technology, tourism, circular economy, and ESG cases, synthesizing findings into evidence-based, implementation-ready recommendations

Innovation & Entrepreneurship Projects, UQ Business School

2024 – 2026

- Designed MVP-style venture concepts through customer discovery and business model frameworks, testing problem-solution fit, value creation, and commercial feasibility for early-stage ideas

LEADERSHIP & SELECTED ACHIEVEMENTS

- Awarded Certificate of Excellence by UQ Business School (IBUS7306 team excellence) and UQ recognition for Communication Skills, Collegiality and Contribution (MGTS7621)
- Organized student and career engagement activities with 50+ participants, coordinating logistics and cross-cultural communication

SKILLS & LANGUAGES

- **Languages:** Mandarin Chinese (native), English (fluent professional working proficiency)
- **Research & Analysis:** Market and industry analysis, competitor research, structured problem solving, financial analysis, business model analysis
- **Tools:** Excel, PowerPoint, Word, R, data visualization; capable of programming and automation with AI agents
